1 OFFICE MANAGEMENT
SUBJECT: MODERN OFFICE MANAGEMENT
Topic: Introduction of Modern office management
PRESENTED BY :
ASST. PROF. ABHIJIT H. SALUNKHE

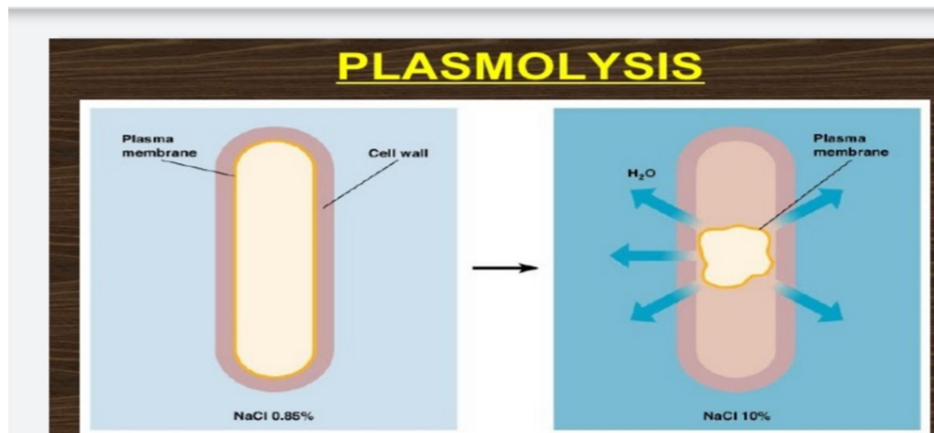

2 CONCEPT:
Office management is the technology of planning, organizing, coordinating and controlling office activities with a view to achieve business objectives and to ensure the performance of the office work. The success of a business depends upon the efficiency of its office.

3 Office Management

4 DEFINITION:
William L. Latham and Edwin M. Dale - "Office management, as a function, is that branch of the art and science of management which is concerned with efficient performance of office work, whenever and wherever that work is to be done."

MALTHUSIAN'S THEORY OF POPULATION GROWTH

Dr. Shaileshkumar Wagh
Assistant Professor
Geography Department
MGSM's
A. S. C. College, Chopda

Malthusian Theory of Population: Explained with its Criticism
The most well-known theory of population is the Malthusian theory. Thomas Robert Malthus wrote his essay on "Principle of Population" in 1798 and modified some of his conclusions in the next edition in 1803.
The rapidly increasing population of England encouraged by a misguided Poor Law distressed him very deeply.
